S.B. CIVIL WRIT PETITION NO.7401/2007

Date of order : 25.9.2007.

HON'BLE MR.JUSTICE MOHAMMAD RAFIQ

Shri V.K. Sharma for the petitioner.

***

This writ petition is filed by the petitioner claiming that part of the land which was originally intended to be acquired was left out from being acquired and according to him, though this decision was taken by the respondents way back in the year 1989 but he has come to know about the same only recently. It has been argued that the petitioner was member of the respondent Gandhi Grah Nirman Sahakari Samiti Limited and has therefore, prayed that the respondent may be directed to hand over the possession of the land and pacca structure building which has not been acquired.

I am afraid, this petition is not only misconceived on merits but also cannot be entertained for, this petition has been filed now in 2007 on the basis of a decision allegedly taken way back in the year 1989. Petition thus suffers from enormous delay and lacks merit. The writ petition is, therefore, summarily dismissed.
